From Principal's Desk.....

At the outset, I would like to offer my gratefulness to those great personalities who at the cost of their selfless effort gifted us F.A.Ahmed College for enriching the area with light of higher education. We are elated to welcome the new batches of students to the 2020-21 academic year of our College. While completing thirty-six years of our glorious existence, our F. A. Ahmed College, assures to do the best to enrich every newcomer to the College – academically, intellectually and culturally. Our academic staff, non-teaching staff Governing body, Guardians and well-wishers have always given their best endeavor to cherish the institutions immutable glory. With their combined support we aspire to reach the zenith of excellence.

I am privileged offering my service as a teacher rather than any other profession. Education is part and parcel to change the mind-set of the people. Aims of education should not be confined within the 3R's only, rather to be far ahead of this periphery. The prime objective of higher education is to liberalize the thought of democratic people which is very essential walk in the google world. Our education should enable to create manpower in international standard. The global scenario of higher education reveals more competitiveness which is a much challenging phenomenon for anybody else. Students are expected to be Democratic, Liberal, Networking and Technical up to the best capacity to overcome such challenges. Apart from moulding advance academic career, updating of knowledge with the tempo of the rest of the world is equally necessary. Time has come to think about "Quality" rather than "Quantity". No compromise should be done to impart quality education concern. Quality should be ensured even at the cost of quantity for realizing global excellence.

Although, Principal is the administrative head of an institution, without the co-operation of staff, it would be like pendulum of a matter. Teaching staff is like the SIM card of a Cell Phone. So thinking about the quality education in college is more closing matter to my staff rather than me.

I need the cordial co-operation from the staff of the college in all the spheres. Therefore, my earnest request to all the guardians as well as people of the locality to consider the college as their own and use college property for satisfying collective needs. Finally, my suggestion to all the student is that, be the part of discipline of the college and help us to reach the zenith of excellence.
