4. Disabled-friendly, Barrier Free Environment

Prepared by: IQAC, F.A. Ahmed College, Garoimari
Approved in G.B. Meeting, dated-22/01/2024

Environment plays an important role in healthy living and the existence of life on planet earth. Earth is a home for different living species and we all are dependent on the environment for food, air, water, and other needs. Therefore, it is moral obligation of one and all to save and protect our milieu. Development should not be confined for today only, it should be sustained for tomorrow too.

Sustainable development is not possible without the protection of the environment and natural resources and their responsible and fair use. Water scarcity and pollution, waste problems, inadequate air pollution control, loss of fertile soils and important ecosystem services have serious economic and social consequences. For Sustainable Development, a proper "**Environmental Policy**" is inevitable. One should be serious and sensitive to the negative impacts on the environment and natural resources caused by the megatrends of recent decades (globalization, urbanization, industrialization, biodiversity loss, climate change) in order to prevent the threat of long-term damage to our ecosystems and living conditions.

Pollution is the worst form of Environment. When, the health of environment deteriorated, the health of living being also be depreciated. Therefore, having a Policy Document on environment is imperative for F.A. Ahmed College, Garoimari. IQAC of the College will be the monitoring negotiator in this respect.

Principal i/c
F.A. Ahmed College
Garoimari, Kamrup, Assam

Green Campus Initiatives/Solid Waste Management/Rain Water Harvest:

1. **Plantation** in-campus and off campus is the mandate of the F.A. Ahmed College, Garoimari family. Forestation, Cropping including Seasonal Crop, Perennial Crop and Medicinal plant will be practiced in the College. Practice of Agriculture may either be done by the Departments or in a Collaborative ways with neighbouring Cultivator. Provided that it will be totally an **Organic Agriculture**.
2. Eco-Club will take ownership in observing **World Environment Day**, organize some **Awareness Programmes on Environmental Issues** among the students as well as people in the neighbouring areas. Management of Plants will be done by the said Club.
3. Use of **"Polythene"** within the College campus is discouraged. Using eco-friendly bags in carrying the materials is privileged. The College will be made a **"Plastic Free Zone"** as soon as possible.
4. Proper use of **"Dustbin"** in adequate number will be availed in the College. It is mandatory for all the Employees and Students of the College to throw the abused materials in Dustbins. The Dustbins will be cleared/cleaned each Saturday. The Scout & Guide Cell (Both Ranger and Rover Units) of the College will take ownership in this respect. In case of non-implementation of the policy, it may be punishable to the person concerned.
5. All the **"E-Wastages"** will be gathered in a Dumping Space which will be either Sold out or damaged. Its record is to be kept by the respective Cell of the College.
6. **"Use of LED Bulb"** in the College is mandatory. Minimum wastage of power is the moral responsibility of all the employees of the College. Employees of Grade-IV will take main role in this regard. More importance will be given on the use of **Solar Energy** in forthcoming days.
7. **"Wastage of Water Use"** is obligatory to all the Employees as well as Students of the College. Sources of Drinking water will be cleaned once in month. Management of **Drinking Water** will be accomplished by the NSS Unit of the College.
8. Management of **"Rain Water Harvesting"** will be continued from the date of policy documented. The water reservoir will be cleaned once every 3 Months. Its Management will be looked after by NSS Unit of the College.
9. **Entry of Automobile** in the College premises is restricted for unnecessary purposes.
10. Proper **Drainage System** will be initiated at earliest as soon as fund permits.
11. Appropriate Measures for **Physically Challenged** Students like Ramp, Lift, Wheel Chair etc. may be taken to make a Disabled-friendly, barrier free environment.
12. Proper facility of **Fire Extinguisher** may be arranged in the College.
